### Oral exams only

If the evaluation of a course consists exclusively of an oral exam you will accept/refute the grade through webcam by saying at the end of the exam "I ... declare that I have correctly understood that I have passed (or failed) the exam and the grade obtained ". It is not necessary to accept/refute the grade in Esse3. You will see the grade obtained in the "Bacheca esiti" section.

### Written + oral exam

If the evaluation of a course consists of a **written and an oral exam**, the written exam will have place first. The professor will inform of the time needed to correct the written exam at the beginning of the written exam. You will need then to access the "[Corsi Online](#)" platform to see the grade of the written exam.

If passing the written exam, you will need to proceed with the oral exam in Microsoft Teams. You will then accept/refute the final grade according to the above-mentioned proceeding of the oral exams.

### "Idoneità" exams

When a course has no numerical grade – from 1 to 30- but only a "passed/not passed" grade is called "esame d'**idoneità**" , which is the case of some foreign language courses and workshops (*laboratori* ). Check the syllabus of the courses under the section "Valutazione" to see if they have this kind of exams (most of courses don't).

For "**Idoneità**" exams it is not necessary to accept/refute the grade in Esse3. You will see the grade obtained in the "Bacheca esiti" section.
