UERCLASS App

UERCLASS is the **smartphone app**(Android and iOS) used for registering lesson attendance and checking lesson schedules.

You can download UERCLASS App for free from Google Play Store and Apple Store

Alternative for those who have not an smartphone (google UER agenda web):

https://unierplanner.easystaff.it/agendaweb_uni er//index.php?view=home&include=homepage& lang=en

Principal functionalities

- Schedules (Agenda): check lesson schedules
- Notices (Messaggi): receive lesson news and notices
- **Classrooms** (Aule): check available classrooms to study
- Lesson attendance registration (*Rileva presenza*): register your lesson attendance
- **Book a spot** (*Prenota posto*): to attend lessons in person.

J,

Classrooms (Agenda)

If you need to modify the courses, click on the three dots in the upper right corner> I miei profili> MODIFICA

Classrooms (Agenda)

Lesson attendance registration (Rileva presenza)

- Students are required to attend at least <u>50 %</u> of a course lessons in order to be allowed to take the corresponding exam in the <u>extraordinary</u> session and the <u>first call</u> of the Summer session in June.
- Students who have <u>not</u> attended at least 50% of a course lessons will be <u>exclusively</u> allowed to participate in the last two calls of the Summer session in June and July in person. It is not possible to take exams online.

Lesson attendance registration (Rileva presenza)

- Students must <u>register</u> their <u>attendance</u> digitally through the UERClass app.
- In the unlikely event of misfunctioning of the UERClass app, students need to immediately inform the professor at the end of the same lesson, so that he/she can manually register the student's attendance at the end of the same lesson. It is not possible to allege at the end of the semester that the minimum attendance has not been registered because of misfunctioning of the UERClass app. Students need to check at the end of each lesson that the percentage of attendance has been successfully registered in the UERClass app.
